PhD Deep Learning Researcher. Expertise on Computer Vision and Efficient Self-Supervised Learning.

Experience

2022 - 2024	Postdoc Researcher - **TU Eindhoven** - Netherlands	
	Self-supervised Learning & Efficient Learning	
2020 - 2021	Research Scientist Intern - **Huawei** - Finland	
	Visual Image Search	
2017 - 2022	Graduate Research Assistant - **Qualcomm (QUVA) Labs** - Netherlands	
	Action and Object Detection	
2013 - 2016	Graduate Research Assistant - **Hacettepe University** - Turkey	
	Vision-and-Language Models	

Education

2017 - 2022 PhD Deep Learning - University of Amsterdam - Netherlands
Computer Vision · Object Detection · Scene Understanding
Thesis: Contextual Understanding of Visual Interactions
Advisor: Prof. Arnold Smeulders

2013 - 2016 MSc Computer Vision - Hacettepe University - Turkey
Computer Vision · Vision and Language
Thesis: Visual Importance with Applications to Vision and Language
Advisor: Prof. Nazli Ikizler-Cinbis

Publications

Selected Papers

2023 Locality Aware Hyperspectral Imaging - *BMVC*
F. Zhou, M. Kilickaya and J. Vanschoren

2023 Are Labels Needed for Incremental Instance Learning? - *CVPRW (Oral)*
M. Kilickaya and J. Vanschoren

2021 Human-object Interaction Detection via Weak Supervision - *BMVC*
M. Kilickaya and A.W.M. Smeulders

2020 Structured Visual Search via Composition-aware Learning - *WACV*
M. Kilickaya and A.W.M. Smeulders

2017 Re-evaluating Automatic Metrics for Image Captioning - *EACL (Oral)*
M. Kilickaya, A. Erdem, N. Ikizler-Cinbis, E. Erdem

Patents

2022 Visual Search via Conversational Interaction (Con-VIS) - *Huawei Ref. 92005865*

2021 Network For Interacted Object Localization - *Qualcomm Ref. 206518*

2020 Context-driven Learning of Human-object Interactions - *Qualcomm Ref. 200249GR1*

2019 Subject-object Interaction Recognition Model - *US 20200302232A1*

Technical Skills

Platforms (*proficient*): PyTorch, TensorFlow, (*familiar*): HuggingFace, Jax
Scientific (*proficient*): OpenCV, Scikit-Learn, SciPy, Pandas, Numpy
Languages (*proficient*): Python (*familiar*): HTML/CSS, C/C++

Miscellaneous

Grants TL150k grant from the Scientific Council to start-up our Visual Analytics Platform, 2016 - Turkey
$20k grant from the Scientific Council of Quebec for research internship, 2014 - Canada
Reviewer *ECCV (24), EMNLP (21, 22, 23), ACL (23), ICML (23, 24), NeurIPS (23, 24), ICLR (23, 24).*
